## **Harrison to receive infrastructure funds**

**LANSING** – The city of Harrison was awarded a Community Development Block Grant of \$194,000 to make infrastructure improvements, announced Sen. Michelle McManus, R-Lake Leelanau and Rep. Tim Moore, R-Farwell.

“Harrison residents will greatly benefit from these improvements,” McManus said. “It is essential our cities have a solid infrastructure in place if we are to help get Michigan’s economy back on track.”

The funds will be used to improve the city’s public sewer system, including upgrading the existing sewer lines and installing an odor-control unit at the main lift station site.

“Maintaining public utility services is a basic function of local government and this project shows Harrison’s leaders are being proactive,” Moore said. “These sewer system improvements are an investment in the future of Harrison.”
